

THE CITY OF  
**PALM BEACH GARDENS**

AN ELITE TRAINING DESTINATION

The City of Palm Beach Gardens opened Gardens District Park in 2019. The facility boasts 10 full-size pitches, 9 of them lit with premium LED sports lighting. The turf was built to the highest standard of professional soccer – several inches of premium soil, excellent drainage, and a Bermudagrass that plays fast and true.

**“¡PERFECTO!”**

**Marcelo Bielsa**

Since opening, the facility has hosted, and impressed, some of the top names in the game of soccer. The City invites your team to add to this legacy and optimize your training for the top levels of competition.
